## **INSTRUCTIONS:**

- 1. This <u>Certificate of Verification</u> for a Street Rod or Replica of a Street Rod must be completed and submitted along with a completed Vermont Registration form (TA-VD-119) to register a vehicle as a street rod and display Vermont "Street Rod" license plates issued by the Department of Motor Vehicles. Vehicles must be inspected within 15 days of registration. One copy (Owner's Copy) of the <u>Certificate of Verification</u> must be available for examination by the mechanic inspecting the Street Rod. Any licensed Vermont Inspection Station may perform annual inspections of previously certified Street Rods.
- 2. Certified Street Rods currently registered in Vermont and displaying standard pleasure car or truck license plates will be issued Vermont "Street Rod" license plates for a replacement plate fee of \$20.00, in addition to any registration renewal fee due. A photocopy of a previously completed Certificate of Verification must be submitted along with a completed form TA-VD-119.
- 3. If the original manufacturer's VIN cannot be verified or is not located in a place easily accessible to any law enforcement officer or inspection mechanic, a Vermont Assigned VIN shall be issued. The application for Vermont Assigned VIN (Form TA-VT-03) must be made to the Department of Motor Vehicles. A Motor Vehicle Inspector or a certified street rod inspector must attach the VIN plate before the Certificate of Verification can be completed.
- 4. The VIN plate is to be attached either on the firewall or the door pillar post of the driver's side of the vehicle.
- 5. The following mechanics have been authorized by the Department of Motor Vehicles to inspect and verify that a vehicle qualifies to be registered as a street rod or street rod replica:
